

## Special educational needs/disability policy

*This policy will be reviewed on an annual basis*

### Statement of intent

We provide an inclusive environment in which all children are supported to reach their full potential.

### Aims

- We have regard for the Special Educational Needs Code of Practice January 2015.
- We include all children in our provision.
- We provide playworkers to help support parents and children with special educational needs (SEN)/disabilities.
- We identify the specific needs of children with SEN/disabilities and meet those needs through a range of strategies.
- We work in partnership with parents and other agencies in meeting individual children's needs.
- We monitor and review our practice and provision and, if necessary, make adjustments.

### Methods

- We inform parents/carers that **Airida Curtis** is our Special Educational Needs Co-ordinator (SENCO).
- We ensure that the provision for children with SEN/disabilities is the responsibility of all playworkers and management trustee directors.
- We ensure that our inclusive admissions practice ensures equality of access and opportunity.
- We ensure that our physical environment is as suitable for children as possible for children with SEND.
- We work closely with parents of children with SEN/disabilities to create and maintain a positive partnership.
- We ensure that parents are informed at all stages of the assessment, planning, provision and review of their children's education.
- We provide parents with information on sources of independent advice and support.
- We liaise with other professionals involved with the child with SEN/disabilities and their families.
- We use the graduated response assessment for identifying, assessing and responding to children's special educational needs.
- We provide a broad and balanced curriculum for all children with SEN/disabilities.
- We provide a differentiated curriculum to meet individual needs and abilities.

- We employ additional support playworkers to support individual children where funding is available.
- We use a system of planning, implementing, monitoring, evaluating and reviewing Targeted Intervention Plans (TIPs) for children with SEN/disabilities.
- We ensure that children with SEN/disabilities are appropriately involved at all stages of the graduated response, taking into account their levels of ability.
- We use a system for keeping records of the assessment, planning, provision and review for children with SEN/disabilities.
- We provide resources (human and financial) to implement our SEN/disability policy.
- We ensure the privacy of children with SEN/disabilities when intimate care is being provided.
- We provide in-service training for playworkers and volunteers.
- We raise awareness of any strategies the setting has to offer e.g., Makaton training.
- We ensure the effectiveness of our SEN/disability provision by collecting information from a range of sources e.g., TIP reviews, playworkers and management meetings, parental and external agencies views, inspections and complaints. This information is collated, evaluated and reviewed annually.
- We provide a complaints procedure.
- We monitor and review our policy annually.
